About OneSixFive X Mizukami

Headed by Shawn Chong, founder of the Mizukami Collective – each cocktail is a fusion of traditional taste coupled with bespoke flavours. Sit back and savour the distinctive classic cocktails loved by many but served with a twist.

Inspired by InterContinental USA's own Wordly Classics Cocktails Programme developed by master mixologist and mentor, Angus Winchester, Shawn has built the foundation of the menu based on the various InterContinental properties in Asia whilst marrying his own experiences during his visits to take guests on a journey one sip at a time.

The collaboration features seven unique cocktails and three zero proof drinks (mocktails) each inspired by different regions throughout Asia including Thailand, Indonesia, Macau, Singapore, Hong Kong, and of course Malaysia trickled into the mix.
